ILLINOIS ARTS COUNCIL

ANNUAL REPORT FISCAL YEAR 2008

Mission: "Building a strong, creative, and connected Illinois through the engagement of all Illinoisans in the pursuit of, participation in, and enjoyment of the arts."

The Illinois Arts Council's Mission Statement is: "Building a strong, creative, and connected Illinois through the engagement of all Illinoisans in the pursuit of, participation in, and enjoyment of the arts."

In Fiscal Year 2008, the Illinois Arts Council reviewed 2,107 grant applications from every region of the state. Of those, 1,460 were approved, for a total of \$8,355,100 in grants and awards supporting Illinois' rich diversity of not-for-profit arts organizations, community groups, government entities, schools, universities, and individual creative artists.

Also in Fiscal Year 2008, the Illinois Arts Council budget incurred a reduction of \$4.6 million in the program grants lines, resulting in a 30% reduction to programs statewide. While the impact of this reduction – on Illinois' great artists and arts organizations and the individuals and communities that benefit from a vital creative landscape – has yet to be fully determined, arts and cultural organizations have already reported reductions to their education, outreach, and free public programs. Moreover, in tough economic times when even the largest of organizations are finding it necessary to curtail the number and scale of their projects, for small to mid-sized arts organizations in low-income and rural communities these cutbacks can significantly narrow opportunities for residents of all ages and abilities to participate in, and experience, the arts and culture.

In the face of these challenges, the arts remain a fundamental fiber of life in Illinois – and public will has never been more ardent in support of building strong, creative, and connected communities statewide. Without a doubt, Illinois' arts and culture community functioned collectively as a vibrant economic, social, and civic force in Fiscal Year 2008. In addition to garnering national attention for excellence in the arts, Illinois is now home to several new state-of-the-art museums, exposition spaces, and performance venues from downtown to downstate.

On behalf of the Illinois Arts Council and staff, it is an honor to serve the State of Illinois and a true privilege to support the arts and cultural community in the Land of Lincoln.

Purpose & Funding Sources

In 1965, the Illinois General Assembly created the Illinois Arts Council (IAC) for the purpose of encouraging development of the arts throughout Illinois. This state agency assists artists, arts organizations, and other community organizations that present arts programming by providing financial and technical assistance. The Governor and General Assembly and the National Endowment for the Arts provide funds annually to the Illinois Arts Council.

The Council & Its Activities

The agency is governed by a Council comprised of up to twenty-one private citizens, from throughout Illinois, who are appointed by the Governor. Chosen for their demonstrated commitment to the arts, the Council members are charged with developing the state's public arts policy, fostering quality culturally diverse programs, and approving grants expenditures. These members serve in a voluntary capacity for four-year terms.

The Illinois Arts Council meets tri-annually to act upon grant recommendations, establish policies, and review agency programs. In Fiscal Year 2008, the Council met on the following dates in the following locations:

Advisory Panels & Jurors

Advisory panel members perform an invaluable service to the Illinois Arts Council. These dedicated individuals from throughout the state assist the Council review program applications and lend expertise in policy and program development. Their professional recommendations to the Illinois Arts Council are a vital link between the agency and Illinois' arts community.

Advisory juries are comprised of arts professionals who reside out of state. Jurors are chosen on the basis of their professional achievements and broad knowledge of the arts to represent a wide range of artistic styles and aesthetic concerns. Panel members and jurors are assembled to provide a balance of geographical representation, cultural diversity, age, and gender.

Illinois Arts Council Chairman Shirley R. Madigan and Executive Director Terry A. Scrogum served as ex-officio on each of the 2008 Advisory Panels. In addition, Illinois Arts Council Vice Chairman Rhoda A. Pierce served as ex-officio on the Partners in Excellence Panel.

Strategic Directions 2007-2012

At the foundation of the planning process for the Illinois Arts Council's Strategic Directions 2007-2012 were four basic questions: What do the arts mean to the people of Illinois? How and why do people participate in the arts? How do the arts add value to their lives and their communities? And what role should the Illinois Arts Council play in making their vision a reality?

“The Strategic Directions constitute a blueprint for strengthening communities by building a better future for the arts in the State of Illinois. The values and objectives the Council have enumerated will ensure that our children receive opportunities to participate in quality arts activities in their schools or in other community arts programs; artists are recognized who contribute to the state's rich and diverse artistic legacy; that creative vitality will be fostered and made sustainable statewide; and that significant strength will be added to the State of Illinois' creative economy.”

– Shirley R. Madigan
Illinois Arts Council Chairman

Core Values

Access is not enough; we believe in active **engagement** with all Illinoisans, ensuring that residents of all ages and abilities have the opportunity to participate in, and experience, the arts and culture.

We appreciate, respect, and are committed to supporting the rich **diversity** of the arts and culture in Illinois.

We are committed to the pursuit of **excellence** in everything we do and in the caliber of arts experience for all Illinoisans.

We strive to cultivate long-term **sustainability** in the vitality of our creative spirit and the

pathways through which that creativity is channeled by and to the people of Illinois.

Just as art is meant to be shared with others, we believe in **partnership and collaboration** in all aspects of our work, and we encourage collaboration between the arts and cultural community in Illinois and the broader community in our state and our country, and around the world.

Overarching Goal

To build public will for the important role and value of the arts and creativity in building vital, prosperous, livable communities.

Objectives

A growing number of Illinoisans will understand and affirm the role and value of the arts and creativity to themselves, their community, and our state.

The arts and cultural community statewide will be stronger and better connected – to each other and to the broader community – and will use these new connections to advance a more vital and robust creative landscape for the entire state.

All Illinoisans – particularly children and those who are currently underserved – will experience a significant increase in their opportunities to participate in, learn from, and enjoy the arts.

The Illinois Arts Council will be a focused, efficient and effective organization, better equipped to anticipate and respond to the needs and opportunities of the arts and cultural community across the state.

To view the Strategic Directions 2007-2012 in full, including supporting strategies for each objective, please visit the Illinois Arts Council's website at www.state.il.us/agency/iac or see contact information on the Illinois Arts Council Staff page to request a hard copy.

National Initiatives

The Illinois Arts Council maintained a nationwide presence in Fiscal Year 2008, working closely with the National Endowment for the Arts (NEA) and receiving funds for the following national initiatives.

American Masterpieces: Three Centuries of Artistic Genius

NEA

AMERICAN
MASTERPIECES

The NEA's American Masterpieces: Three Centuries of Artistic Genius program was developed to introduce Americans to the best of our cultural and artistic legacy, and to celebrate our rich and extraordinary evolution, through touring, local presentations, and arts education programs across all

art forms that will reach all the American people. Through American Masterpieces, the NEA will sponsor performances, exhibitions, tours, and educational programs across all art forms that will reach large and small communities in all 50 states. With Fiscal Year 2007 funds, the Illinois Arts Council chose to focus on Illinois' rich legacy of dance.

Poetry Out Loud: National Recitation Contest

The Illinois Arts Council invited all Illinois high schools to participate in the 2008 *Poetry Out Loud: National Recitation Contest*, a national program sponsored

by the NEA and the Poetry Foundation. *Poetry Out Loud* seeks to foster the next generation of literary readers by building on the resurgence of poetry as an oral art form, as seen in the slam poetry movement and the popularity of rap music among youth. Through *Poetry Out Loud*, students can master public speaking skills, build self-confidence, and learn about their literary heritage.

Starting at the classroom level in November, participating teachers received free multimedia curriculum materials augmenting their regular poetry curriculum with poetry recitation and a classroom-level competition. School-level recitation champions compete to advance to the state and then national levels. In 2008, the NEA awarded more than \$100,000 in prizes to students and schools at the state and national levels.

The Education Leaders Institute

Striving to make powerful, sustainable, thriving arts education systems throughout the nation.

The Education Leaders Institute (ELI), established in Fiscal Year 2007 by the NEA in partnership with the Illinois Arts Council, brings together school leaders, legislators, policy makers, educators, consultants, and scholars from throughout the country to envision a healthy national education environment founded on powerful arts education programs.

The ELI strives to make powerful, sustainable, and thriving arts education systems throughout the nation. The Council partnered with the Illinois State Board of Education and the Illinois Arts Alliance, a statewide advocacy agency, to assemble leaders from up to five states for participation in these three-day conferences, forums supporting intensive discussion of prominent arts education issues to foster pioneering thinking on K-12 arts learning. Designed with an environment for thought, learning, and reflection, the ELI will enable states to share their progress and challenges on specific topics, receiving feedback and insight from one another while drawing on national experts from fields beyond arts education.

Illinois Arts Council Fiscal Year 2008 Grants

The Illinois Arts Council recognizes and supports not-for-profit arts organizations, community programs, government entities, schools, universities, and individual creative artists through grant programs, technical assistance, workshops, and special initiatives. The following is an account of the Fiscal Year 2008 grant expenditures along with brief descriptions of each funding program.

Arts-in-Education Residency

The Illinois Arts Council's Arts-in-Education Residency Program provides support to Illinois schools and not-for-profit organizations for professional artist residencies lasting from two weeks to six months.

The Arts-in-Education Artists Roster Nearly ninety artists and performing arts companies are currently included in the Arts-in-Education Artists Roster. The Roster includes teaching artists from a variety of disciplines, including creative writing, dance, ethnic or traditional art forms, interdisciplinary arts,

media arts, music, theater, and visual arts. Artists must apply for inclusion in the Roster, and are juried by a statewide panel of arts professionals based on quality of work, record of professional achievements, and skills and experience as educators. As a professional artist teaching and creating his or her art at the residency site, the artist-in-residence can inspire one classroom, one teacher, one school district, or an entire community to integrate the arts into its ongoing activities and become a vital part of everyone's learning experience.

Artstour

Artstour is the Illinois Arts Council's fee support grants program linking not-for-profit Illinois organizations with Illinois' wealth of professional touring artists and quality visual and media arts exhibits. Popular statewide with libraries, park districts, school organizations, traditional presenters, senior citizen centers, hospitals, festivals, local arts agencies, and community organizations, this program encourages the presenter to initiate, expand, and/or diversify an arts program through the use of quality arts presentations and related activities.

Artstour Roster

More than 200 artists, companies, and ensembles as well as visual and media arts exhibits are currently a part of the Artstour Artists Roster. The Roster artists present work in a variety of disciplines including Dance, Mime, Multi-Disciplinary Performance, Performance Poetry/Literature, Storytelling, Theatre and Traditional Ethnic and Folk Arts. Additionally, the Roster includes visual and media arts exhibits developed by Illinois arts organizations with a history of producing quality exhibitions.

The Master Apprentice Program recognizes the need for structured opportunities to pass on traditional arts as part of the preservation of Illinois' cultural heritage. The program fosters this traditional teaching and learning relationship by providing a \$2,000 honorarium to the master artist and a \$1,000 stipend to the apprentice. The Master/Apprentice Program generally supports art forms found in informal rather than institutional settings. A "Master Artist" is an individual recognized within his or her

community as an exemplary practitioner of his or her traditional or classical ethnic art form. An "Apprentice" is an individual with some experience in a traditional or classical ethnic art form who is committed to attaining mastery of that art.

Awards are based on the recommendation of three out-of-state jurors who are cultural specialists: Susan Eleuterio of Highland IN; Elena Martinez of New York, NY; and Lisa Rathje of Harrisburg, PA.

Tomorrow's Artists, Francis Willard Elementary School, Evanston

“An artist-in-residence program enlivens a school by bringing creative energy and talents to our learning community. Our students greatly benefitted from the experience. Through the arts, children expand their thinking in new directions. This also provides another avenue for connecting to our school’s mission to truly teach to ‘the whole child’.”

– SHELLEY CAREY, ED.D., PRINCIPAL

“All Shook Up” – Peoria Players Theatre Regional Premiere

“We’ve been playing in Peoria for ninety years!”

– NICKI HASCHKE, BUSINESS ADMINISTRATOR,

Ted Atkins and Paul Terpening of Kewanee Demonstrate leather working and wood carving in Bishop Hill

“Bishop Hill Colonists were well known for the quality of their handcrafted items, and our current day craftsmen and demonstrators exhibit those traditional crafts on a daily basis. This provides the public with a “living window” into the past and human connection to this area of our state’s cultural heritage.”

– MIKE WENDEL, ADMINISTRATOR, BISHOP HILL HERITAGE ASSOCIATION

Giant Moving to Tricksters, from *Rabbit's Tail* by Blair Thomas and Company

“The tricksters play tricks on the giant and humiliate him. He can’t control his anger and becomes very destructive,” says Blair Thomas. “The boy and the rabbit are the characters who are able to bring the giant more in touch with his compassion for the world, [teach him] how anger makes you stupid and restore harmony to the forest.”

Annual Al Sears Jazz Festival, Macomb

“The Al Sears Jazz Festival has become a significant Macomb event, both as a celebration of Jazz, and in how it utilizes the talents and support of both the community and the university (Western Illinois University). The variety of music presented addresses the needs of both the experienced and the novice jazz listener and features WIU jazz alumni, university, community and regional musicians, as well as nationally-known artists. For some, the festival is their first exposure to Jazz. I love hearing people say, “I’m really starting to like Jazz!”.

– ANN COLLINS, COORDINATOR,
AL SEARS JAZZ FESTIVAL

Albany Park Theater Project's production of *Aqui Estoy*

"In an ideal world, the Albany Park Theater Project production of "*Aqui Estoy*" (Spanish for "I Am Here") would be performed before a full session of the U.S. Congress. For not only do "*Amor de Lejos*" ("Distant Love") and "*Nine Digits*"—the two short works in this riveting piece—go a long way toward humanizing complex immigration issues. They also showcase the wondrous talents of this young company (performers in their teens and early 20s, many with immigrant backgrounds) and the astonishing level of professionalism and originality they've achieved under their devoted mentors."

– HEDY WEISS, CHICAGO SUN-TIMES
THEATER CRITIC, DECEMBER, 2007
