Program Grant Description

Program Grant funds provide support to established not-for-profit organizations that make a significant local, regional, or statewide impact on the quality of life in Illinois. Grants recognize arts programming of high quality that is appropriate to and reflective of the communities served and that broaden opportunities for the public to participate in the arts.

Successful applicants demonstrate strong operations, stable management, ongoing assessment, and evaluation and a strong commitment to making artistic programs accessible and relevant to a diverse range of participants. Organizations must also show that their programs and activities have artistic, educational, and cultural value.

Program Areas

Program Grant applicants must select one of the following Program Areas in which to apply. Application materials are tailored to each area.

- Arts-in-Education
- Dance
- Ethnic & Folk Arts
- Literature
- Local Arts Agencies
- Media Arts
- Multidisciplinary
- Music
- Presenters Development
- Theatre
- Visual Arts

[Arts Service Organizations](#) and [Partners in Excellence](#) applicants refer to different guidelines that are unique to their respective grant programs.

Eligibility Requirements

- Applicants must be tax exempt (501c3) organizations registered as not-for-profit corporations in good standing with the Illinois Secretary of State, or units of government (i.e., school, school district, park district, library district), or institutions of higher education. Refer to the [Proof of Eligibility](#) page on the IACA website for specific details.
- Applicants must have been providing public arts programming for at least one year prior to the date of application.
- Applicants must submit all required application materials by the deadline.

Making the Project Accessible to All

According to state and federal law, every organization receiving public funding must ensure that it is in a position to provide accommodations when persons with disabilities make requests for services. Accessibility involves both the location (the facility) and the content (the activity or product) of the program. Thinking about accessibility issues, e.g., sign language interpreters, audio recordings of printed materials, audio-description describers or large-print labeling, in the early planning stages of a project, is the key to ensuring that persons with disabilities will be able to participate in the program.

For further information and resources see the [ADA Compliance](#) page on the IACA website.

Illinois Grant Accountability and Transparency Act ^{NEW}

- Before submitting an application through the Illinois Arts Council Agency's eGrant system, applicants must first complete a validation process through the [State of Illinois's Grantee Portal](#) to obtain a pre-qualification status. The IACA will not be able to consider an application for funding until the applicant has completed this step.
- Pre-qualification through the Grantee Portal is required for all organizations, units of government, and schools and school-affiliate organizations applying for grant funding from the IACA.
- To obtain a pre-qualification status, go to the Grantee Portal (<https://grants.illinois.gov/portal>).
- Refer to the [Grant Accountability and Transparency Act](#) page on the IACA website for specific details.

Applicant Restrictions

- Organizations with which advisory panelists or IACA Board members are affiliated are eligible to apply. However, a panelist or Board member may not be the authorizing official signing any documents relating to an application or grant award.
- With the exception of colleges and universities, multiple applications are not accepted from an organization for the Program Grant and Grants to Arts Service Organizations programs. Organizations must choose to apply in one program or the other. This does not preclude an organization from applying to other IACA grant programs.
- Colleges and universities, and organizations whose primary services are not arts-related, may only apply for costs related to public arts programming activities. College and university arts programs and projects must involve the general community beyond college or university students, faculty, and staff.

Deadline

The FY20 Program Grant deadline is March 15, 2019. The eGrant application must be successfully submitted by 11:59 PM CST.

Grant Period

Fiscal Year 2020 Program Grant funds support activities occurring between September 1, 2019 and August 31, 2020.

Award Amount

Applicants do not request a specific amount. Grant amounts will be determined by the FY20 State of Illinois budget. The IACA anticipates that awards will range from \$900 to \$20,000. Grants will be based on these factors:

- The IACA FY20 budget allocation
- The organization's most recently completed fiscal year's cash expenses
- The review score given to the application

Cash Match Requirements

Program Grant recipients must meet all [Grantee Requirements](#) as well as the following cash match requirements:

- All matching funds must be from non-state sources.
- A cash match equal to 70% of the grant amount is required from organizations whose last completed fiscal year's cash operating expenses for public arts programming were \$50,000 or less, e.g. a \$5,000 grant requires a \$3,500 grantee cash match.
- A cash match equal to 100% of the grant amount is required from organizations whose last completed fiscal year's cash operating expenses for public arts programming were over \$50,000, e.g. a \$5,000 grant requires \$5,000 grantee cash match.
- College and university applicants must provide a cash match that is raised from outside sources. A match must be provided beyond staff time, required student fees and overhead provided by the college/university
